My Mum

My mum is my idol. She is about thirty years of age. She is not very tall, about one hundred and fifty-five centimetres. She is slim because she does not like to eat a lot. She has short straight hair and rounded face. Her eyes are black and bright.

My mum is nice. She is good at cooking. She always makes delicious food. She never yells at us. She has beautiful voice. My mom always tells me and my sister interesting stories before we go to bed.
