*Who are Ditaka and Tai?*

**Ditaka is an elephant and Tai is his teacher.**

Ditaka is forty years old and he lives in a special school for elephants in Thailand. Every morning he wakes up and then he eats breakfast. At seven o'clock he starts lessons with his teacher, Tai.

Ditaka is clever and he can do lots of things. He can carry heavy things. He can help people climb up his leg and then sit on his back. He can walk carefully and he can swim in the river with tourists on his back. Tai teaches Ditaka all these things.

Ditaka doesn't train every day. All the elephants at the school rest one day a week. Ditaka rests on Thursdays.

Every afternoon all the elephants wash in the river. Tai washes Ditaka's back. They both get very wet!
