

EXPLAINING EVENTS FROM THE PAST

A. Look at the pictures on pg. 83 of your book. Then, complete #1-4 by dragging and dropping (arrastrando y soltando) the words from the box.

assisted	attended	begun	decided
happened	heard	struck	won

What is happening now?	What could've caused it?
There are goats in a tree.	1. A storm could have _____. 2. A storm might have _____.
Two older women are wearing tiaras and sashes with the word "queen" on them.	3. They must have _____ a beauty pageant.
Buffalo are walking down the road.	4. They might have _____ a loud noise and _____ to leave their farm. 5. They could have _____ migrating.
A woman in a wedding dress is on a motorcycle.	6. She must not have _____ her wedding.

B. Which of the explanations from part A are more certain? Which are less certain? Choose MC or LC.

- | | | |
|-------------|-------------|-------------|
| 1. MC LC | 2. MC LC | 3. MC LC |
| 4. MC LC | 5. MC LC | 6. MC LC |

C. These sentences are about the death of Romeo and Juliet, but they are in the present. Change them so that they are in the past. Do not use any contractions. Maintain the same order of the words.

1. Juliet must fall in love with Romeo.

2. Romeo might poison Juliet.

3. I think that they could drink poison.

4. They could not be murdered because of the locked door.
