

B. Choose the correct item.

Most people are amazed when they hear about people who come face e.g. to face with danger in order to save others. This is what was written in a report on a volcanic 6) which happened in South America last month.

Naturally, it caused massive destruction in the area because of the tremendous 7) which was released. Apparently, there had been an earthquake two days before so people had already started worrying. Luckily the area around the volcano was isolated. However, there would have been several 8) if it hadn't been for the brave rescue workers. They managed to save twenty children's lives due 9) their quick and organised action. According to the report, they had been trying to reach the top of the nearby mountain and ended up being trapped in a cave after the earthquake. The children had given up hope, but fortunately the rescue workers turned 10) only five hours later. The local people 11) them up for the night and the following day they were sent back home safe. They had successfully handled a difficult situation, which many others could not have 12) with.
