NAME:

THESE ARE THE FOUR SEASONS!

1- WHAT'S THE WORD?
PUT THE WORD UNDER THE CORRECT PICTURE (Colocar la palabra debajo de la imágen correcta).

~~spring~~	summer	autumn	winter
warm	fruit	leaves	cold

			
	spring		
			

LIVEWORKSHEETS

2- READ (Leer).

FACT FILE: Seasons

In many places the weather changes during the year. These changes are called seasons. In the north and south there are four seasons in a year. Each season brings changes that are important for plants and animals that live in different parts of the world.

FUN FACTS:

- When it is summer in the north it is winter in the south.
- At the North and South Pole there are only two seasons. Winter is very long and summer is very short.
- In tropical places near the Earth's equator there are two seasons: a 'wet' season and a 'dry' season.

Spring starts when the day and night are the same length. The weather gets warmer and sunnier. Trees and plants start to grow. Many animals have their babies in spring.

Summer begins on the longest day of the year. In the north this is on 21 June. Summer is usually the warmest and sunniest time of the year. Fruit grows on trees and plants. Young animals grow bigger and stronger.

Autumn starts when the day and night are the same length again. During autumn, the leaves change colour and fall from the trees. Some animals collect food before winter comes.

Winter begins on the shortest day of the year. In the north this is on 21 December. The weather is colder and in some places there is lots of snow. Plants and trees stop growing. Some animals, like bats and bears, find places to hide and sleep. This is called hibernation.

3- READ THE TEXT AGAIN AND WRITE THE MISSING WORDS (Volver a leer el texto y escribir las palabras que faltan).

a. The four seasons are spring, summer, ___autumn___ and winter.

b. In spring lots of animals have _____.

c. Summer begins in _____ in the north.

d. Leaves fall from the _____ in autumn.

e. In some places there is _____ in winter.

f. _____ usually sleep in winter.

g. When it is _____ in the north, it is winter in the south.

h. The North Pole and the South Pole have just two _____.

LIVEWORKSHEETS

4- ANSWER (Responder).

- **What season is it where you live?** (¿Qué estación es donde vives?)

I live in . Here it is . The starts in March and ends in .

- **What's the weather like in the different seasons in your country?** (¿Cómo es el clima en las diferentes estaciones del año en tu país?)

In summer, the weather is sunny and hot.

In , the weather is

In , the weather is

In , the weather is

- **What's your favourite season?** (¿Cuál es tu estación favorita?)
