My school isn't in a town. It's in the country. It's a special school because it has a farm. There are eighty sheep, seventeen cows, eight pigs, four goats, a lot of chickens, two horses and two donkeys on the school farm.

My name's Susie. I'm eleven, and I'm in 6<sup>th</sup> grade. This is my first year at the school. Every Tuesday we have a class on the farm. We learn about the animals and how to take care of them. I really like the classes.

I often go to school early to help on the farm because I want to work with animals when I grow up. I usually help with the chickens. Some days I feed the chickens and give them clean water. On other days, I clean the enclosure and collect the eggs. We sell the eggs and meat. I like the chickens and pigs, but my favorite animals are the horses. They're big, but very friendly!
