

Many cities have parks for people to enjoy. And it's very (21)
to find wonderful sculptures in them. However, some sculptures found
in Fairbanks, Alaska, aren't quite the same as in other cities. When the
temperature (22) at the end of winter, they all disappear –
because they're made of ice!

Fairbanks has been the home of the World Ice Art Championships for
over 20 years, and artists from many different countries come to create
spectacular ice sculptures. The ice is brought from a lake (23)
near the sculpture park. It's said to be so clear that visitors can read a
newspaper through it – even though the individual pieces are over one
metre (24) !

Visitors also have the (25) to make their own ice sculptures if they wish, at special classes. There's
a children's play park, too, where (26) everything is made of ice, including sculptures of favourite
animals. It's a great place to visit!
