

Сложи двузначные числа
Сначала прибавь десятки, а потом единицы

$$56+34 = 56+ \square + \square = \square$$

$$42+18 = 42+ \square + \square = \square$$

$$39+31 = 39+ \square + \square = \square$$

$$67+23 = 67+ \square + \square = \square$$

$$78+12 = 78+ \square + \square = \square$$

$$35+45 = 35+ \square + \square = \square$$

$$47+23 = 47+ \square + \square = \square$$

$$59+11 = 59+ \square + \square = \square$$

$$17+43 = 17+ \square + \square = \square$$

$$24+16 = 24+ \square + \square = \square$$
