

Name: _____ Date: _____

Mathematics: Rounding to the nearest tens.

Rounding Rules:

Look at the number in the tens...

Then look to the number in the ones...

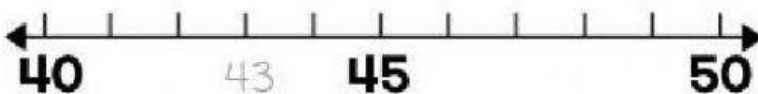

If the number in the ones place ends with **4** or **3** or **2** or **1**

The number in the tens place stays the same and number in the ones place turns to a zero.

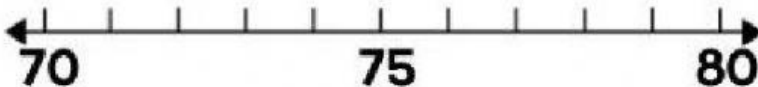

EXAMPLE: 32 rounds to 30

Directions: Click to round the numbers below.
