Action Verbs and Linking Verbs

DIRECTIONS

Read the following passage. Then underline the action verbs and circle the linking verbs.

Marathoners are amazing athletes. They compete in races more than 26 miles long. The best marathoners are usually small and slight. They need very strong legs and powerful lungs, too. Youth, however, is not necessarily an advantage in a marathon.

This long race carries the name of an ancient battlefield. In 490 B.C., the Greeks defeated the Persians at Marathon. According to legend, a Greek soldier ran all the way from Marathon to Athens with news of the victory. He ran more than 20 miles. Now a marathon is a regular part of the Olympic Games. The official distance for an Olympic marathon is 42,195 meters, or 26 miles and 385 yards.
