Object pronouns: *me, you, him, her, it, us, you, them*

Can you help **me**?

Track 45

Лични местоимения използваме, за да заместим съществителни имена в изречението. Чрез тях избягваме ненужните повторения. Личните местоимения имат различни форми.

Когато съществителното е **подлог** в изречението, използваме **I/You/He/She/It/We/They**.

Tim is here. → **He's** here.

Когато съществителното е **пряко допълнение** в изречението, използваме други форми на личните местоимения **me/you/him/her/it/us/them** и обикновено ги поставяме след глагола.

I can see Tim. → I can see **him**.

Grandma loves **me and my sister**. → Grandma loves **us**.
