

These houses use solar energy (from the sun) for heat and electricity.

Make and check predictions.

You will hear a man talk about a “green home.” Read the sentence below and guess the answer(s). Then listen and circle the correct answer(s).

A “green home” _____.

- a. saves energy
- b. is the color green
- c. is expensive
- d. is good for the environment (plants, land, water)

Make predictions. You want your house to be more “green.” How can you do it? Look at the photos and read the sentences. Guess the answers with a partner.

1. Unplug your _____, _____, and _____.

2. Use CFL light bulbs. They use _____ energy.

3. When you leave a room, always turn _____ the lights.

4. Take _____-minute showers.

Listen for details. Listen to the full interview. Complete the sentences in **C**.

Do you do any of the things in **C** in your house? Tell a partner.

I don't unplug the Tv, the microwave and the computer. I don't use CFL bulbs. I use LED bulbs. I turn off the lights when I leave a room. I don't take a 3-minute showers. I take 20 minutes. And what about you?
