

Jason Ward is a healthy, fifteen-year-old boy from England. He plays football and likes all sports. But Jason doesn't like to eat normal food.

Jason eats sandwiches for breakfast, lunch and dinner! He doesn't like the taste or smell of any other food. He only likes sandwiches.

People in Britain eat twelve million sandwiches for lunch every day. The most* popular home-made sandwiches are cheese. The most popular sandwiches

people buy in shops are chicken. But Jason likes all sandwiches. He eats cheese sandwiches, egg sandwiches, humus sandwiches, cottage cheese sandwiches and chicken sandwiches. He eats chocolate and jelly sandwiches too.

We all know that eating healthy foods is important and Jason's mother isn't happy about her son's diet*. But Jason is tall and very healthy, and he also has a lot of energy*.

He started eating sandwiches when he was four years old and today he is still eating them!
