II. Choose the Sumy's emblem

III. Read and listen the text about Sumy.

Sumy situated at the confluence of the Psel and the Sumka rivers is a region's centre. Its area is 99 square kilometres. Its population is 275 400.

The city is divided into two districts. It became a town in 1780.

At first it belonged to the Kharkiv Region, later the Sumy Region was founded, and Sumy became a region's centre.

Sumy is a modern city, and it is very green. There are six parks in the city. Near the Psel there are many beautiful lakes, where people like to rest very much.

Today Sumy is one of the chief industrial and cultural centres in the northern Ukraine.

Its main industries are machine building, microscope production, the chemical industry, the food and light industry.

Its cultural facilities include an art museum, a museum of decorative and applied art, a regional museum, a theatre of drama and musical comedy, and a young spectator's theatre.

The city has 3 universities, 9 technical secondary schools and some institutes.
