Weekly Test

Spelling

TASK 1.

There is ONE (1) incorrectly spelt word in each line. Draw a circle around the incorrectly spelt word. Write the correctly spelt word in the box provided for each line.

Honeybees ar amazing creatures. For more than a thouzand years, honey has been used. It has huuge benefits. Human bodies do not find it diffikult to digest. This natural sweetener is known to kill bacteria. Isnt that great? Honey can be made by bees in gardins, parks and other places. Honeybees work as a teem to make the honey. Worker bees need large amonts of water, a chemical and nectar. These materials are important. Yelow "pollen sacks" carry the bees' nectar to the hive. In genneral, honeybees make their own honey to stay alive and healthy.

Example: are

1.

2.

3.

4.

5.

6.

7.

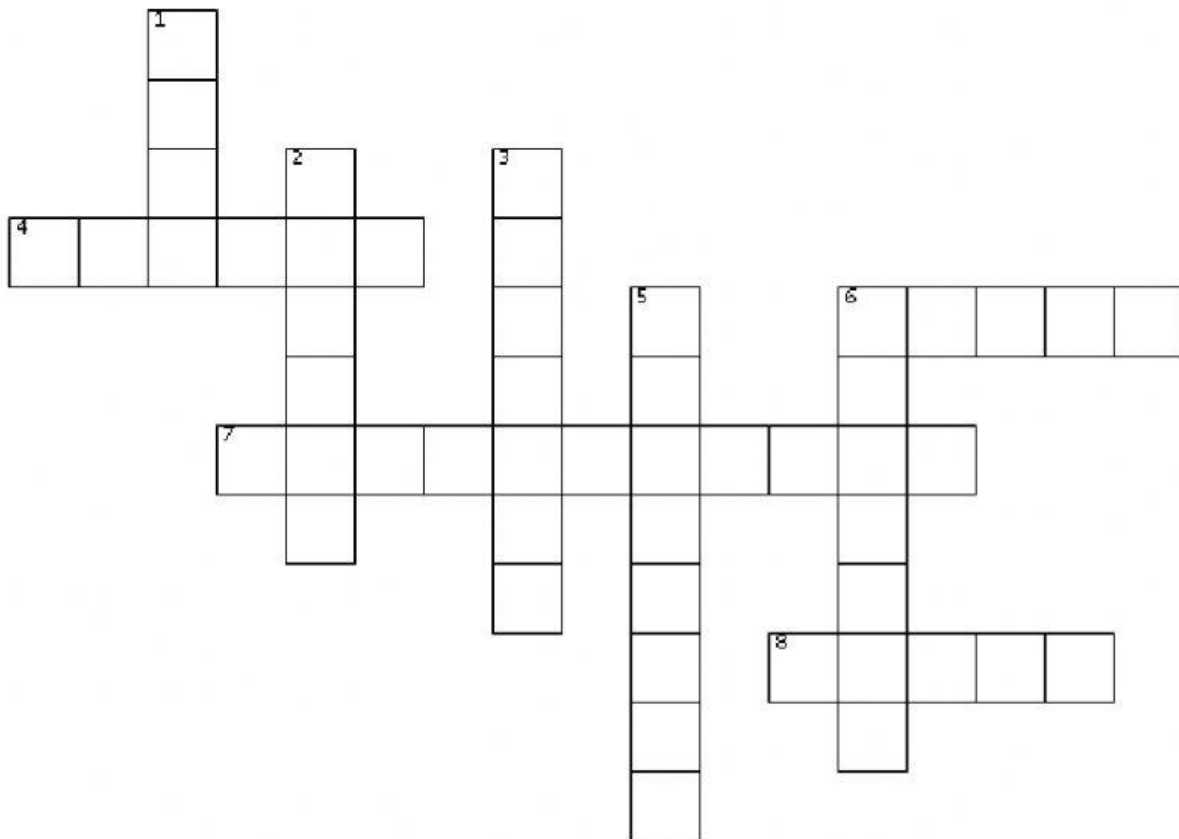

8.

9.

10.

TASK 2.

Insert the High Frequency Words in the puzzle. Use the clues. Words can go across or down. Letters are shared when the words intersect
