

Listen and draw a line matching the pictures  
beginning with the same letter and the same sound.

הקשיבו ומתחו קו בין מילים  
שמתחילות באותה אות ובאותו צליל.

|                                                                                     |                                                                                     |                                                                                     |                                                                                       |                                                                                       |
