

220 Випиши результати множення числа 8 у порядку спадання.

8.	8.	9.	9.
8 · 10 = 80	8 · 6 = 48	9 · 10 = 90	9 · 7 = 63
8.	8.	9.	9.

A colorful illustration of a campsite. Three grey A-frame tents are pitched on a green grassy field. A winding yellow path leads from the foreground towards the tents. In the foreground, a campfire with a bright orange flame sits within a circle of grey stones. A small brown bird is perched on a stick to the left of the fire. The background features rolling green hills under a light blue sky.

Відповідь: наметів.

$$\begin{array}{l} 63 : 9 \cdot 4 - 19 = \\ (40 - 8 \cdot 3) : 8 = \\ 81 : (45 : 5 \cdot 1) = \end{array} \quad \begin{array}{l} 8 \cdot (6 \cdot 8 - 39) = \\ 80 - (56 : 8) \cdot 6 = \\ 36 + 8 \cdot 8 - 78 = \end{array}$$

Якщо $k=9$, то $8 \times k - 3 \cdot 9 = 8 \times 9 - 3 \cdot 9 = \square$
