B/ Read the passage and choose the best answer to the following questions

A Chinese tourist on holiday in Egypt was shocked to see graffiti in Chinese on a 3,500-year-old monument in Luxor. A photo of the graffiti was soon on his blog on the Internet. People in China couldn't believe it! They were angry and there was a big hunt to find the person responsible.They could find him easily because the message wasn't very imaginative or clever. **It** was basically 'Ding Jinhao was here'. That was enough for Internet users to find this particular Ding Jinhao, a teenager in Nanjing. His parents were quick to tell a local newspaper that their son was very sorry for his actions. Ding's graffiti was a terrible idea. It is a serious crime to write on a historic monument in Egypt. You can go to prison for a year for doing it. But in the past, people could write on monuments and no one was angry about it. At Giza there is an example of graffiti on a temple wall from 1244 BC.
