### Beach Clean-up

1. ( As well as , As soon as , As long as ) she got back to school after the vacation, she told her friends all about her shocking ocean discovery. Her friends 2. ( could not , might not , will not ) believe how much plastic she 3. ( did see , was seen , had seen ) , and how it was affecting the marine life. They decided that something 4. ( needed to be done , was need to be done , will need doing ) , so they sat together and talked about what they could do. 5. ( After , However , Regardless ) a long discussion, they could not decide which was the best course of action. Kate thought they should do a beach clean-up, 6. ( whatever , therefore , however ) her friend Hannah suggested that they should do a recycling campaign in school and her other friend Sam thought that they should all just reduce the amount of plastic they use.

7. ( To not be able , Being unable , Not able to being ) to make a decision, they went to the school's computer lab to do some research. They 8. ( had been given , have been given , had been gave ) a free lesson, so they had plenty of time. They discovered that there are so many positive outcomes when people change their habits 9. ( to become , becoming , became ) more environmentally friendly. For instance, beaches will 10. ( either be ugly or , neither be ugly nor , be both ugly and ) covered in harmful trash, they will be 11. ( both cleaner and safer , either cleaner or safer , neither cleaner nor safer ) for everyone.

When Kate was leaving school that day, something caught her eye – it was a poster advertising a beach clean-up competition. She 12. ( has never taken , had never took , had never taken ) part in a beach clean-up before. "Perfect!" She said to her friends. "This is exactly what we should do to help. If we all 13. ( will do , do , would do ) something to help, then we can stop our oceans becoming full of plastic trash!". Kate exclaimed excitedly. Hannah added, "by the end of the competition, we 14. ( will be collected , will have collected , want to collected ) all of the trash at the beach, making it a much safer and cleaner place to be".
