

Metallica: Nothing Else Matters

So close no matter how far
Couldn't be much more from the _____
Forever trusting who we are
And _____ else matters

heart

Never opened myself this way
Life is ours, we live it our way
All these _____ I don't just say
And nothing else matters

nothing

words

Trust I seek and I find in you
_____ for us something new
Open mind for a different view
And nothing else matters

Every day

I know

Never cared for what they do
Never cared for what they know
But _____

Forever

Life

So close no matter how far
Couldn't be much more from the heart
_____ trusting who we are
And nothing else matters

view

So close

Never cared for what they do
Never cared for what they know
But I know

I never opened myself this way
_____ is ours, we live it our way
All these words I don't just say
And nothing else matters

Trust I seek and I find in you
Every day for us something new
Open mind for a different _____
And nothing else matters

Never cared for what they say
Never cared for games they play
Never cared for what they do
Never cared for what they know
And I know

_____ no matter how far
Couldn't be much more from the heart
Forever trusting who we are
No nothing else matters
