Can you see ...

Can you see the doctors?
They're saying "hello".
They help sick people.
They're good to know.

Can you see the police officers?
They're saying "hello".
They help everyone.
They're good to know.

Can you see the farmers?
They're saying "hello".
They grow food.
They're good to know.

Can you see the students?
Just look and see!
We study at school,
All of you and me.
