

Name: _____

Summarize

► Suppose the letter below was written by the girl in Santo Domingo to the girl in Maine. Summarize what she says in the letter. Write your summary on the lines below.

Dear Laura,

You and I have never met, but your Uncle Jacob showed me pictures of you and where you live. I love looking at those pictures. They make me feel cold all over just like the ice that comes from where you live, Maine. It is always hot in Santo Domingo. Can you believe I've never seen snow or worn snow boots? It does rain here, though—a lot. I love my home, but someday I'd like to visit Maine. I hope you will write and tell me about your life.

Your friend,

Isabella

Write a paraphrase of the letter above.
