

قومي بالسحب والإفلات لتصنيف التالي مع اختيارك للتعريف المناسب من القائمة

The worksheet is designed for classifying programming concepts into three categories: دوال (Functions), أوامر (Commands), and أدوات (Tools). The concepts are listed on the left and right sides, and the categories are in the center. Each category has a cloud icon above it and a hot air balloon icon to the right. The concepts are: MsgBox, Play, Button, IF=THEN-ELSE, Now, Label, Cint(x), TextBox, Time, For..Next, Var1=10, and List. The categories are: دوال (Functions), أوامر (Commands), and أدوات (Tools). Each category has a cloud icon above it and a hot air balloon icon to the right. The concepts are: MsgBox, Play, Button, IF=THEN-ELSE, Now, Label, Cint(x), TextBox, Time, For..Next, Var1=10, and List. The categories are: دوال (Functions), أوامر (Commands), and أدوات (Tools).

دوال	أوامر	أدوات
