LIVING IN CAVES – EXTRA ACTIVITIES

A. Read and choose.

Unusual Homes Around the World

Some people build and live in very unusual houses. Would you like to live in one of these homes?

Stone House, Portugal
This small house is in the mountains in the north of Portugal. A family designed and built it in 1972. They used four big stones. There isn't any electricity, but there is a swimming pool! It's inside another big stone! The family used it as a vacation home, but today it's a museum.

Shell House, Mexico
Would you like to live inside a shell? A family in Mexico built a house that looks like a shell. It's near the beach so you can hear the ocean when you're inside!

Bottle House, Canada
Would you like to live in a bottle house? This house is in Canada and people built it in 1980. There are about 12,000 recycled glass bottles in the walls. When the sun shines, it's very colorful inside!

1 This house is in Latin America.

☐ Stone House ☐ Shell House ☐ Bottle House
