

You belong with me - Taylor Swift

You're on the phone with your **friend / girlfriend**,
she's upset
She's going off about something that you said
'Cause she doesn't get your humor like I do

I'm in the **room / kitchen**, it's a typical **Tuesday / Monday** night
I'm listening to the kind of **music / series** she doesn't like
And she'll never know your story like I do

But she wears short **skirts / dresses**
I wear T-shirts
She's Cheer Captain, and I'm on the bleachers
Dreaming about the day when you wake up and find
That what you're looking for has been here the whole **life / time**

If you could see that I'm the one
Who understands you
Been here all along
So, why can't you see?
You belong with me
You belong with me

Walk in the **streets / park** with you in your worn-out jeans
I can't help thinking this is how it ought to be
Laughing on a **park / city** bench thinking to myself
Hey, isn't this easy?

And you've got a **smile / face**
That can light up this whole town
I haven't seen it in a while
Since she brought you down
You say you're fine, I know you better than that
Hey, what you doing with a **girl / woman** like that?

She wears high heels
I wear **sneakers / trainers**

She's Cheer Captain, and I'm on the bleachers
Dreaming about the **day / night** when you wake up and find
That what you're looking for has been here the whole time

If you could see that I'm the one
Who understands you
Been here all along
So, why can't you see?
You belong with **me / her**

Standing by and waiting at your backdoor
All this time how could you not know, baby?
You belong with me
You belong with me

Oh, I remember you driving to my **house / home**
In the middle of the **night / day**
I'm the one who makes you laugh
When you know you're 'bout to cry
And I know your favorite **songs / movies**
And you tell me 'bout your dreams
Think I know where you belong
Think I know it's with me

Can't you see that I'm the one
Who understands you?
Been here all along
So, why can't you see?
You belong with me

Standing by and waiting at your backdoor
All this **time / life** how could you not know, baby?
You belong with me
You belong with me
You belong with me

Have you ever thought just maybe
You belong with me?
You belong with me
