

How to Make Pancakes

Match each picture to the correct sentence and drag them to the box according to the correct sequence.

Shortly, after the butter is melted and hot put the batter into the pan. Flip it and make sure both sides are cooked. Repeat this process until you have few pieces of pancakes.

Next, mix the eggs and butter into the bowl. Then, pour the milk slowly and stir the ingredients well until you get a perfect mixture of batter.

First, prepare all the ingredients to make pancakes. The ingredients are flour, eggs, butter, milk, sugar, salt, strawberries and syrup for toppings.

Once you are done cooking the pancakes, stack them together, pour the syrup and put some strawberries for toppings. Finally you can serve and enjoy your scrumptious pancakes!

Then, sift the flour into a big bowl. Add some salt and sugar and mix well by using a wooden spoon.

After that, heat the pan and melt the butter.
