Lionel Messi

My favorite athlete is Lionel Messi. He is a soccer athlete who is liked by many people. Lionel Messi deserves to be the best football player that can be seen with the awards he gets. He was born in Argentina and became a mainstay of the national team. Lionel Messi is a member of the FC Barcelona club with a very high income.

Lionel Messi's position at club is captain, center-forward or winger. The high skill possessed by Lionel Messi is dribble that is often done during the game. Many other players agree that Lionel Messi's dribbling is extraordinary. People call Lionel Messi able to dance with ball and it's as if the ball is stuck to Messi's feet.

Lionel Messi's jersey number is 10, and he has achieved many achievements and records with his national team and his former clubs, FC Barcelona and Paris Saint Germain. He broke the UEFA record as being able to score 5 goals in just one game. Lionel Messi is white and has a round face. His smile is distinctive and his hair is straight.

## Jeong Jaehyun

I have a favorite idol named Jeong Jaehyun. He is a member of a Korean boy group named NCT. He was born on February 14th, 1997 and now he is 23 years old. He is 183 cm tall. He has very white skin which makes him called 'Casper'. According to some sources, he has an ideal body proportion. His legs are long. He also has broad shoulders.

His hair looks very soft and his eyebrows are thick. He also has pointed nose. One charming point that everybody would notice is his dimple. He has very deep dimples on his chubby cheeks and they are clearly visible when he smiles.

Despite having several nicknames, most of his fans often call him 'peach' because of his rosy cheeks. He is also called 'bread'. This is because he often makes a facial expression which makes him look like a bread.

He also has a lot of talents. He can sing, rap, and dance well. He is also good at sports and playing musical instruments such as piano. Moreover, he is also adept at cooking meat so that he has a nickname 'Jung Jaeyuk' which means meat.

Read the text above, then put a tick the table. Num (✓) on ber 1 has been done for you
