READ THE TEXT.

Hi there! My name is Mia, and I want to tell you about my day. I live in a cosy house in London with my family. We are a small but happy bunch!

Every morning, I wake up and have breakfast with my family. We usually eat cereal and drink milk or orange juice. After breakfast, I brush my teeth and put on my school uniform. Then, I walk to school with my friends.

At school, I learn many things. Right now, we are studying animals and their habitats. I find it fascinating to learn about different animals from around the world. My favourite animal is the panda from China. They are so cute!

During recess, I play games with my friends. Sometimes, we pretend to be animals and run around the playground. It's so much fun! After school, I go to my ballet class. I love dancing and moving my body. I wear a pink leotard and ballet shoes.

When I come home, my mom usually prepares dinner for us. Tonight, we're having spaghetti with tomato sauce. It's one of my favourite dishes. After dinner, I do my homework and then relax by watching TV with my family. We like to watch nature documentaries about animals and different countries.

LIVEWORKSHEETS

Before bedtime, I take a warm shower and put on my pyjamas. My mom reads me a bedtime story, and I fall asleep with happy thoughts in my mind.
