

5TH GRADE - MATHS

DECIMALS

INTERACTIVE WORKSHEET 02

I. Compare the decimals given below and put appropriate symbols (< or >).

1. 3.6 3.9

5. 34.86 28.12

2. 6.81 6.44

6. 0.74 0.38

3. 18.5 18.42

7. 8.1 3.08

4. 17.27 17.35

8. 21.12 21.11

II. Arrange the following in ascending order.

1. $4.62, 462, 0.462, 4.26, 0.4, 46.2, 42$

<input type="text"/>						
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

2. $35.7, 3.57, 3.75, 53.7, 357, 0.537, 0.5$

<input type="text"/>						
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

III. Arrange the following in descending order.

1. $13.75, 1.375, 15.73, 5.75, 137.5, 51.37$

<input type="text"/>					
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

2. $0.02, 0.2, 1, 1.2, 0.211, 0.088, 0.75$

<input type="text"/>					
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------
