Hi <sup>1</sup> \_\_\_\_\_! My name is Nizar A. Aziz and I am 20 years <sup>2</sup> \_\_\_\_\_. I am an English <sup>3</sup> \_\_\_\_\_ teacher in Gudaibiya Primary and Intermediate Boys School and today I <sup>4</sup> \_\_\_\_\_ you about my favourite smartphone app. <sup>5</sup> \_\_\_\_\_ summer, I fixed 8 CCTV cameras <sup>6</sup> \_\_\_\_\_ my house, and I installed Housafe <sup>7</sup> \_\_\_\_\_ my smartphone to have real time video surveillance. I use this <sup>8</sup> \_\_\_\_\_ daily for at <sup>9</sup> \_\_\_\_\_ half an hour to make sure my family is <sup>10</sup> \_\_\_\_\_. I think this app is <sup>11</sup> \_\_\_\_\_ because the playback feature allows <sup>12</sup> \_\_\_\_\_ to search for events that happened recently. <sup>13</sup> \_\_\_\_\_, there is the option of recording videos only when someone or something <sup>14</sup> \_\_\_\_\_ around in order to save storage space. In addition, the camera can still show details <sup>15</sup> \_\_\_\_\_ night thanks to the night vision feature. <sup>16</sup> \_\_\_\_\_, this cool application allows me to move the camera lens to different <sup>17</sup> \_\_\_\_\_ and to zoom in and out <sup>18</sup> \_\_\_\_\_ specific details. However, this app uses <sup>19</sup> \_\_\_\_\_ internet data and much phone memory, and it often requires updates, which I don't like <sup>20</sup> \_\_\_\_\_ all. Anyway, Housafe is one of the <sup>21</sup> \_\_\_\_\_ apps in the world and I think it can be even <sup>22</sup> \_\_\_\_\_ if it sends us alerts when unfamiliar people break <sup>23</sup> \_\_\_\_\_ our houses and immediately calls the police <sup>24</sup> \_\_\_\_\_ we might be deep asleep <sup>25</sup> \_\_\_\_\_!
