

My friends

Hello, everyone! My name is Linh. I can spell my name for you: L-I-N-H. And I'm 9 years old. Today, I'm excited to share with you about my amazing friends.

First, this is Lisa. She's from the UK, and she's a great friend of mine. Lisa really loves dancing! She dances very well. But you know what? Lisa doesn't really like painting.

Next, his name is Jack. He's from the USA. Jack is an incredible singer! When he sings, it feels like magic. His voice is so beautiful, and I love listening to him. But you know what? Jack doesn't like dancing very much. He enjoys singing more than anything else.

Now, I want to talk about Ravi. Ravi is from India. He's a great artist. I'm always amazed by his drawings. He can create the most wonderful pictures with his colorful pencils and markers. But Ravi doesn't really like reading. He likes spending his time drawing instead.

Moving on, let's talk about Sofia. She's from Italy, and she's a bookworm! Sofia absolutely like reading. She can get lost in a story for hours. However, Sofia doesn't like dancing.

Lastly, this is Hiro. Hiro comes from Japan. He's a fantastic painter! Painting is his favorite thing to do. Just like Hiro, I also enjoy painting.

So, these are my amazing friends from different countries. They have their own likes and dislikes, just like me. We learn from each other and have fun together.

Thank you for listening to my presentation about my incredible friends!
