Leani Oktila Ratri achieved a historic Para badminton double at Tokyo 2020 and came close to making it three gold medals in the three competitions she played in. She was 20 years old when the motorcycle accident happened, her left leg ended up seven centimeters shorter than the other and stopped playing the game she loves. An aspiring badminton player before that day, Ratri Oktila thought her career was over, but encouraged by her family and inspired by watching other Paralympians she picked up the racket again.
