

What are living things made of?

1. Complete the sentences:

a) All living things are made up of

b) Multicellular living things are made up of

c) Plants and animals are

d) Unicellular living things are made up of

e) are unicellular.

f) They are only visible through a

2. Which are the parts of a cell? Choose only four options.

Nucleus	Plant	Multicellular
Bacteria	Liquid	Microscope
Cytoplasm	Cell membrane	Organelles

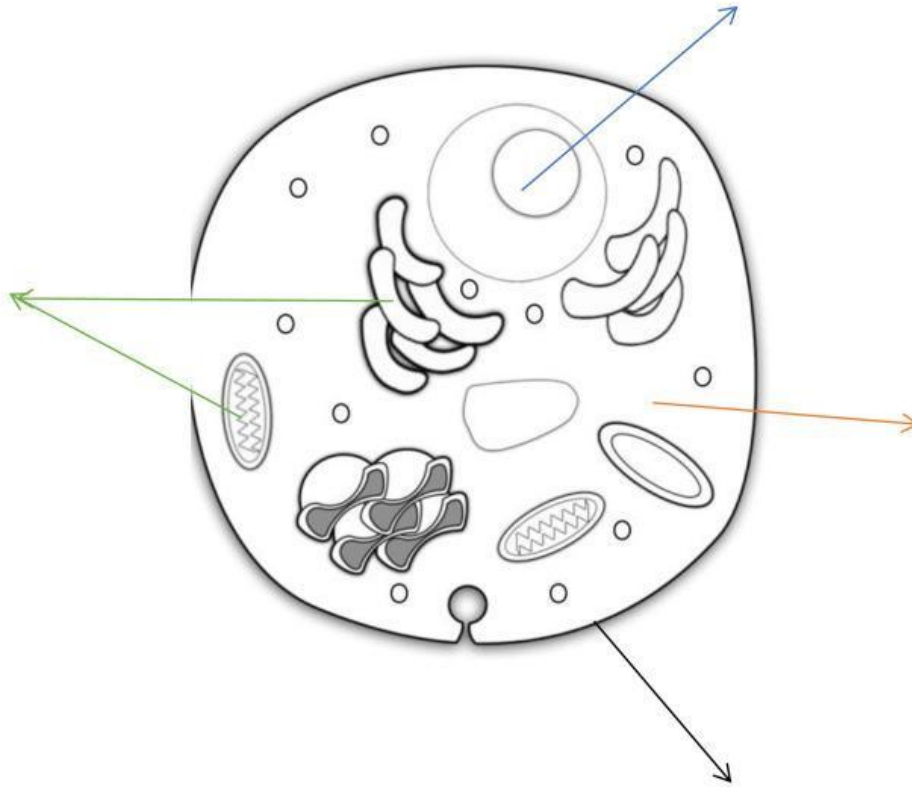

3. What is a cell? ¿Qué es una célula?

A cell is

.....

.....

4. Label the parts of the cell:

5. Match each description with its meaning in Spanish:

- | | | |
|---|---|---|
| Is a thin and permeable layer that separates the inside of the cell from the outside. | • | • Es el líquido que compone la mayor parte de la célula. Prácticamente es agua. |
| Situated in the cytoplasm. There are different types of organelles, which carry out a variety of different functions. | • | • Es una delgada y permeable capa que separa el interior de la célula del exterior. |
| Is the liquid that makes up most of the cell. It is mainly water. | • | • Controla lo que ocurre en la célula. |
| Controls what happens in the cell. | • | • Situado en el citoplasma. Son diferentes tipos de orgánulos, que realizan diferentes funciones. |

6. Match each word in English with its word in Spanish:

- | | | |
|---------------|---|--------------|
| Cytoplasm | • | • Núcleo |
| Nucleus | • | • Orgánulos |
| Cell membrane | • | • Citoplasma |
| Organelles | • | • Orgánulos |

7. Match each part of the cell with the correct description:

Cytoplasm	•	• Is a thin and permeable layer that separates the inside of the cell from the outside.
Nucleus	•	• Situated in the cytoplasm. There are different types of organelles, which carry out a variety of different functions.
Cell membrane	•	• Is the liquid that makes up most of the cell. It is mainly water.
Organelles	•	• Controls what happens in the cell.

8. What is the function of the nucleus? *¿Cuál es la función del núcleo?*

9. What is a cell membrane?

10. Where are the organelles? *¿Dónde están los orgánulos?*

11. Can you tell something more about the organelles? *¿Puedes decir algo más sobre los orgánulos?*

12. What is the cytoplasm?
