Unit 1, Lesson 5

Plants and Light

Instructions: Describe plants that are grown in the light and in the dark. Use the words inside the box and the picture below as your reference.

Feature	In the Light	In the Dark
Color of the leaves		
Size of the leaves		
Length of the stem		
Thickness of the stem		

tall	short
yellow	green
thick	thin
big	small

LIVEWORKSHEETS

Instructions: Study the table below, then answer the following questions.

Plant	Height of the plant in cm				
	Day 1	Day 2	Day 3	Day 4	Day 5
A	3	4	6	8	9
B	3	4	5	5	6

1. Which plant is grown in the dark?

2. Based on the data, how will you describe plant B?

3. Based on the data in the table, which graph is correct?
