

# What a strange world!

the Nepalese flag

Nepal has <sup>1</sup> the most unusual (unusual) flag in the world. It's the only flag that isn't rectangular.

The world's <sup>2</sup> \_\_\_\_\_ (short) national anthem\* is the Japanese national anthem. It's only four lines long.

<sup>3</sup> \_\_\_\_\_ (long) is the Greek national anthem. It's over 600 lines long.

La Paz in Bolivia is the world's

<sup>4</sup> \_\_\_\_\_ (high)

capital city – it's 3,630 metres

above sea level. The Yungas Road, from La Paz across the Andes to Coroico, is <sup>5</sup> \_\_\_\_\_ (dangerous) road in the world.

The world's <sup>6</sup> \_\_\_\_\_ (common) surname is Wang. There are over 92 million people with the surname Wang in China. This isn't very surprising because there are only about 200 Chinese family names.

Tokyo is the world's <sup>7</sup> \_\_\_\_\_ (expensive) city to live in. Johannesburg in South Africa is <sup>8</sup> \_\_\_\_\_ (cheap).

India has <sup>9</sup> \_\_\_\_\_ (big) film industry in the world. It makes over 1,200 films a year.
