Shadow puppet theatre

Shadow puppet theatres first started in China thousands of years ago. But shadow puppet theatre is still popular today in many parts of the world. Shadow puppets tell people about important events and describe traditional stories. Nowadays, there are some new and modern stories, too.

The puppets are usually made from animal skins. These shadow puppets are camel skin and they come from Indonesia. Often, there is just one puppeteer who makes the puppets move. To move the puppets, there are wooden sticks on the puppets' backs.

The theatre is dark and a bright light shines on the puppets to make shadows on a screen behind them. The puppeteer does all the voices. And sometimes, there are other people singing or playing instruments.
