My dream house isn't very big really. It's in the province of Buenos Aires by the river. It's got a small garden and a garage for just one simple and classic car. There's a kitchen and a table with six chairs and a nice window with a garden view. There's a small but comfortable living room between the kitchen and my bedroom. In the living room there are three colourful pictures on the walls and a fabulous green plant on the coffee table. There's a big LED TV too between a tall lamp and a small bookcase. And a rug under the coffee table, of course. My bedroom is just lovely. It's got an extra bed for guests. There are many cushions on both beds. My laptop is on the desk and there's a lamp on it too. There's a box under my desk with some books in it. What else? Well... I know it's a dream but perhaps one day it will come true.
