Make questions by using Simple Past tense.

1. They bought a new car last year.
2. Alan flew in an airplane yesterday.
3. Kaory taught math in the school.
4. Emiliano rode a bike in the park.
5. Fernanda ate 2 hamburgers in the restaurant.
6. Christian went to the cinema because his favorite movie was shown.
7. Camila won 3 medal in the mathematic competition last month.
8. Valentina ran a marathon in the city yesterday.
9. Daniela took a taxi to get to the airport because he had a flight to Canada.
10. Ismael wrote 2 song in the art class.
11. Diego swam in the pool last week.

REMEMBER:

Fernando drove a car last night

- When did Fernando drive a car?

*** We use the auxiliar DID**

*** Remember that in the questions the verbs are in PRESENT**

Daniel drank 2 sodas in the restaurant.

- How many (sodas) did Daniel drink in the restaurant?

Remember when we ask questions with how many we need to write the object. E.g.

- **How many hamburgers…**
- **How many apples…**
- **How many cars….**
- **How many books….**

*** Remember that in the questions the verbs are in PRESENT**
