

Taylor Swift's Ex-Boyfriends Are Nothing Like Travis Kelce—Who She's Dated

It's a love story. Taylor Swift's boyfriends and current and past relationships have been hot topics of conversation for almost a decade.

Since the release of her debut single, "Tim McGraw," in 2006, Swift has made love songs her bread and butter. 1) "I can't deal with someone wanting to take a relationship backward or needing space or cheating on you. It's a conscious thing: it's a common-sense thing...I just don't ever want to end up in a relationship that isn't fair ever again," she told Cosmopolitan in 2012. She continued about what she looks for in a partner. "I need that unexplainable spark...I just need to see someone and feel, oh no, uh-oh. 2) it would be because I saw them and I thought, oh no," she said at the time.

Though Swift bares her soul in her music, she's been famously private about her real-life relationships. 3)

Taylor Swift and Travis Kelce were first linked in September 2023 after The Messenger reported that the two were "hanging out" two months after the Kansas City Chiefs linebacker tried to give the singer his phone number. "Taylor and Travis have been quietly hanging out," a source told the site at the time. "She saw him when she was in NYC a few weeks ago."

During an episode of the podcast "New Heights" in July 2023, Travis revealed that he tried to give Taylor a friendship bracelet with the digits of his phone number before her concert for her Eras Tour at the Arrowhead Stadium, in Kansas City, Kansas. 4) Kelce said on the podcast.

Kelce's brother, Jason Kelce added, "She doesn't meet anybody — or at least she didn't want to meet me, so I took it personal, but it was an unbelievable

show.” News of Taylor and Travis “hanging out” also came after he suffered a hyperextended knee injury in September 2023 and had to miss the Chiefs’ Week One game. “People actually don’t know how big of a bullet they missed on Travis Kelce,” NFL correspondent Jay Glazer said of Travis’ injury on FOX NFL at the time. 5) Luckily it was not, and he recovered better than expected.

A It’s only happened a few times in my life, but I feel like if I was gonna be with someone forever,

B “I was disappointed that she doesn’t talk before or after her shows because she has to save her voice for the 44 songs that she sings, so I was a little butthurt I didn’t get to hand her one of the bracelets I made for her,”

C Ahead is what we know about Taylor Swift’s ex-boyfriends, including Joe Alwyn and Harry Styles, and who else in Hollywood has inspired her music.

D “When it first happened, they actually thought there was a tibial plateau fracture, which is a fracture of the leg which would’ve put him out for the year. Instead, he just had a really deep bone bruise. They had to pull out 45 cc of blood.”

E With 10 Grammys, nine studio albums and seven number-one hits, there’s no doubt Swift is the queen of songwriting, especially when it comes to heartbreak ballads.
