

Complete the presentation with the missing words.

In today's 1. _____, I am going to share with you my tips on learning words. I've 2. _____ this topic because having large vocabulary leads you to fluency.

Let's begin 3. _____ apps that you can use to learn the words. I'm sure you have a smartphone with lots of games and useless apps. Why not to install something really worthwhile? Quizlet or Memrise are really great. Add your vocabulary lists and pass your time on the public transport or in a queue playing memory games.

Now we are going to 4. _____ old-school methods. Use cards! Print a set of cards with a word in English on one side and its translation on the other side. Or just stick the cards with the words around the flat. You'll see these words every time you do your routines and you'll learn them faster.

Ok, now my last point 5. _____ with spelling. You may know how to pronounce the word but you don't know how to write it down without any mistakes. Find a friend who'll learn these words with you. Dictate the words to each other and check yourselves. After a few dictations your spelling will be improved.

I'd like to finish 6. _____ that learning words is important but it can be fun as well.
