

Volunteering at Dreama

Drop and drag to finish the story.

- Volunteering at the orphanage was a life-changing experience
- After filling out the volunteer application
- Walking through the doors of the orphanage for the first time
- My days at the orphanage were filled with a variety of activities
- As my time volunteering came to an end, I couldn't help but feel a mixture of emotions
- It is a memory I'll cherish for the rest of my life!

.....that left an incredible mark on my heart. It all began when I fell upon a local orphanage's website and felt a deep feeling to get involved.and going through the necessary background checks, I was finally given the green light to start my journey.

....., I was greeted by a warm and welcoming staff who introduced me to the children. Their bright eyes and eager smiles instantly melted away any nervousness I had. Over time, I formed a special bond with several of the kids, each with their unique stories and personalities. We played games, read stories, and spent countless hours drawing and painting. It was incredible to witness the creativity of these children despite the challenges they faced. As I spent more time with them, I realized that the love and care they received from the staff and volunteers played a crucial role in their development.

..... Saying goodbye to the children was incredibly difficult. I knew I had made a small difference in their day, but they had left a lasting mark on my heart. I was grateful for the opportunity, yet saddened by the fact that I couldn't do more. Volunteering at the orphanage taught me the power of empathy, compassion, and the profound effect that even a small act of kindness can have on someone's life.
