I'm at a sports event today with Mommy and my brother. Some **1 athletes / medals** are running. The **2 track / athlete** is 800 meters around the field. The **3 race / ball** is exciting – the athletes are running very quickly. I hope Waleed **4 wins / throws** today! There is a throwing competition, too. You have to **5 throw / jump** the ball as far as you can. Three meters is a good **6 race / distance** for throwing the ball. Someone **7 measures / competes** how far the athletes throw the ball.

That athlete **8 competed / measured** in a sports event and won. He can **9 jump / distance** really high! Now, he is getting a **10 track / medal**!
