Khalid was an old fisherman. His house was on the beach. He had a small boat but it didn't have an engine. Every day he went fishing in his boat. In the evening he returned to his house and cooked some of the fish for his dinner. When he caught a lot of fish, he sold some of them in the market.

Last summer Khalid did not catch any fish for ten days. He had no food and he didn't eat. The people in the village near Khalid's house said, "Khalid, you are very old. You must stop fishing".

After that, Khalid went fishing again. When he reached the deep water, he put his hand line in the sea. After one hour the hand line moved. He pulled the hand line out of the water. It was a very big fish. The old man became very happy.
