Looking for a job!

Tuesday, April 11

Well, I graduate from high school in one month, so I'm looking for a job! I don't know what kind of job I want, but I know a lot of people who love their jobs.

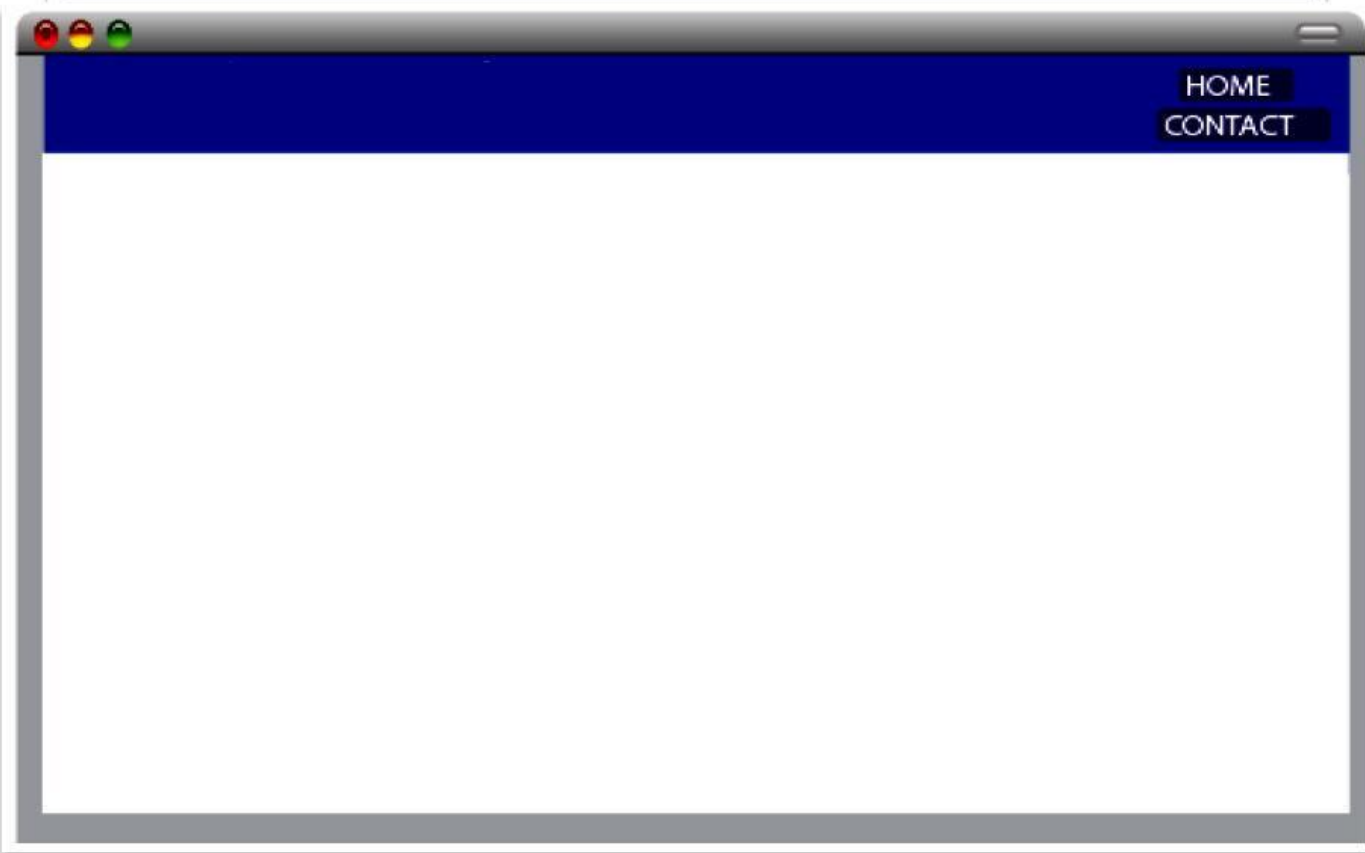

My aunt Jessica is a nurse. She works in a hospital. She loves helping people every day. Her job is sometimes stressful, but it's often exciting. It's not easy, but she loves her job!

My sister Danette is a receptionist for a celebrity wedding planner. She works in an office. She says her job is pretty easy, but she loves it. She meets famous people and eats great food.

My cousin Layla is an accountant. She works in an office. Her job is very stressful. She likes her job, though, because she loves working with numbers.

My brother Carlo is a flight attendant. He has a stressful and exciting job. He helps people every day. He loves his job.

Hmmm . . . Maybe they know a good job for me!
