## BOOK 2.0 FACIAL EXPRESSIONS

DISAPPOINTMENT +  
CURIOSITY

**Match up!**

| DISAPPOINTMENT | CURIOSITY |
|----------------|-----------|
|                |           |
|                |           |
|                |           |
|                |           |
|                |           |

|                                                          |                                                      |                                        |                                                       |
|----------------------------------------------------------|------------------------------------------------------|----------------------------------------|-------------------------------------------------------|
| My heart <b>sank</b>                                     | I <b>strained my ears</b> to hear what was happening | head <b>hung low</b>                   | <i>Everyone was <b>whispering in hushed tones</b></i> |
| I <b>craned my neck</b> to see what was happening        | her <b>face fell</b>                                 | They <b>looked at me questioningly</b> | her shoulders <b>stooped</b>                          |
| shook her head without <b>uttering a single syllable</b> | They casted <b>curious glances</b> my way            |                                        |                                                       |

|                |                   |
|----------------|-------------------|
| casted curious | sank              |
| stooped        | a single syllable |
| strained       |                   |

1. My heart \_\_\_\_\_ when I heard the disappointing news.
2. Everyone \_\_\_\_\_ glances at the new student.
3. Her shoulders \_\_\_\_\_ when she saw that she had failed the paper.
4. I \_\_\_\_\_ my ears to eavesdrop on their conversation.
5. Feeling dismayed, she left the room quietly without uttering \_\_\_\_\_.

|               |                 |
|---------------|-----------------|
| hung low      | craned          |
| fell          | in hushed tones |
| questioningly |                 |

6. I \_\_\_\_\_ my neck to see what was the commotion.
7. My mother's face \_\_\_\_\_ when she heard that I had cheated in my examination. It broke my heart to see her disappointment.
8. His head \_\_\_\_\_ in dismay.
9. My mother looked at me \_\_\_\_\_ when I entered the house with clothes caked with mud.
10. Everyone was whispering \_\_\_\_\_ when the culprit's name was announced.
