Module 2

Reading

13 Read the text and answer the questions.

Central Park

Central park is a very big park in the centre of New York City. It is four kilometres long and almost one kilometre wide. It has got a lot of grass everywhere and there are many trees. Some of the trees are very tall because they are over 100 years old. Central Park has also got seven lakes and ponds (small lakes) and there are a lot of interesting animals.

There are many things you can do in Central Park. You can take a nice walk or ride a bike around the park and see the park's 36 beautiful bridges, or you can take pictures of the animals. It is a very big park, and it is a popular place for tourists. It has got about 40 million visitors every year. There are also two nice restaurants in Central Park, and people can have lunch or dinner there. It's a very special place.

1 Where is Central Park?

2 How old are some of the trees?

3 What can you see in Central Park?

4 What can you do in the park?

5 Where can people eat?

Module 2
