Dear Miss Lorain,

It's your new friend Professor Smart. Do you remem__er me? We met in London last J__ne. How are you? As for me, I'm fine. Every day I get up early in the morning and do morning exercise. You know, I'm not young. I'm old, but I want to be strong. If you want to be strong, you must do morning exercise every day. Sometimes I even swim in the morning. There is a small lake near our house and I often swim in it with my wife. Can you underst__nd me? I think you can. Yesterday I didn't swim. I had a temperature. I'm not very well today, but I'm a bit better. Tomorrow I will go to the lake again...

...Do you have any drea__s, Lorain? You know, dreams can come true. As for me, I dre__m about going to Russia. I haven't been to this country yet. Russia is a very big country. I want to see many cities in this country and meet new people. Can you show me Moscow? Just a few places. They say it is very beautiful.

Write back to me, please. Give my love to your parents.

Best regards,
