

WILL VS GOING TO

WILL	+ Promesa + Predicción + Algo que se desea hacer en el futuro + Expresar acciones futuras expresadas en el momento de hablar. + Expresar una predicción basada en opinión personal o experiencia
GOING TO	+ Algo que va a suceder muy pronto + Expresar un plan futuro decidido antes del momento de hablar + Expresa una predicción basada en presente evidencia.

WILL

GOING TO

- Express future actions decided at the moment of speaking (immediate decision)
E.g: I'll have salad now.
- Express a prediction based on personal opinions or experiences
E.g: I think United **will** win the game.
- Express a future fact
E.g: The sun **will** rise tomorrow.
- Express future plans decided before the moment of speaking (prior plans)
E.g: I'm **going to** visit my aunt next Friday.
- Express a prediction based on present evidence
E.g: Look at those black clouds. It **is going to** rain.
- Express that something is about to happen
E.g: Get back! The bomb **is going to** explode.

Both **Will** and **Going to** can be used for making future predictions without having a real difference in meaning.

E.g: I think it **will** be foggy tomorrow. = I think it **is going to** be foggy tomorrow.
