FSAA Practice #1 - Writing a Persuasive Letter Worksheet

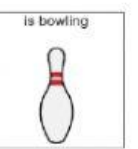

Directions: Read the passage below. Read each question and check the box in front of the words/pictures that answer the question based on the passage.

Splashing around in the pool appeals to many youngsters. While spending time in the water is often enjoyable, it has other benefits, too. Swimming provides an effective opportunity for exercise for everyone in the family. Swimming exercise involves cardiovascular activity, which enhances both heart and lung condition. Swimming laps also increases strength, endurance, flexibility and balance, thanks to the activity and movements involved in swim strokes. Swimming can be fun for families and good exercise.

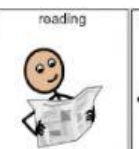

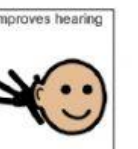

What would be a good **greeting** for your letter?

-  Dear moon
