

My School Activities

Hi, my name is Lany. I study at Aletheia Christian Elementary School. I don't go to school during the pandemic covid-19. I *study* on-line from home. I have gone to school before the pandemic. At school I have had lots of activities. I remember the last Monday at school. It was a bright sunny day. We held *flag ceremony* in the schoolyard. We were *praying* together at 7 o'clock before the class started. I was *cleaning the whiteboard* while my friends were *sitting* in the class. During the break, Holy and I were *running* while my other friends were *playing football* together. I love going to school. I hope this pandemic ends soon.
